The recommendation in regard to the road cannot be entertained at present owing to want of funds.

Executive Engineer's docket No. 9, dated 15th January 1897, requesting to allot Rs. 2,237 for the special repairs of (1) Sollebile-Balehole road and (2) Balehonnur-Kalasa road, and stating that the said unforeseen expenditure has already been incurred out of the "Up-keep" grants of the said roads for 1896-97, and the amount is now required for the annual repairs.

As no funds are available for the current year, a special application in the matter must be made to Government.

8. Proceedings No. 7919—L. F. 75-94, dated 14th January 1897, recording the proposal to drop the question of purchasing a private building for the purpose of a musafirkhana at Sollebile and to consider the question of building a new one.

The Board approved the estimated income of Rs. 67,546 for 1897-98.

On the side of expenditure a sum of Rs. 19,102 was passed under "Civil charges" for 1897-98.

The following estimates in the P. W. D. were considered :—

Rupees	5,000	for the extension of the Bababudan Hill road.
„	24,555	annual road repairs.
„	5,785	establishment.
„	200	tools and plant.
„	3,500	reserve.
Rupees	39,040	

"Reserve" includes provision for incomplete works and the maintenance of Local Fund buildings. The estimate is heavy but its necessity was explained by the Executive Engineer to the satisfaction of the meeting, and the expenditure of the district on public works is, it is noticed, less than that of other districts. The total amount required, *viz.*, Rs. 39,040, having regard to the fact that the civil charges do not admit of reduction, will leave a deficit after providing a balance of 25 per cent on the total income.

Resolved accordingly that Government be addressed to assist the Board by a grant on behalf of the Bababudan road. In the circumstances, no provision can be made for public works to be executed by Revenue officers.

The following is an abstract of the budget estimates of receipts and expenditure during 1897-98.
